

Newsletter: Term 1, Week 4, 28th February 2019

Kia Ora Everyone

Throughout the year teachers will focus on building our core school values – Belonging (Whanaungatanga), Respect (Manaakitanga), Creativity (Auahatanga), and Achievement (Whakatututikanga), building a positive classroom culture. During the first five weeks of this term, teachers are focusing on establishing routines, as they need to spend time getting the classroom culture and environment right for learning.

Just a reminder that all classrooms and learning spaces have an open door policy and we are more than happy at any time to discuss your child's learning and personal needs.

School Attendance

Every day counts towards your child's learning. Regular attendance at school makes a big difference because it gives children the best chance to learn. They improve their reading, their writing and other skills they will need throughout life. If your child is away because they are sick, attending a tangi or funeral or has a medical appointment, we need to know.

If they are going to be away from school for several days or more, you might want to discuss getting some work from your child's teacher. If you have to go away unexpectedly, your child might need to catch up on some schoolwork, and you can discuss this with your child's teacher also. A reminder that a signed note or e-mail by a parent or caregiver is required for long periods of absence. Finally, if your child arrives late to school they must report to the school office.

Funky Fish

This weekend we look forward to the Funky Fish Festival. This event will be an amazing opportunity to bring our local community together. Thank you very much to everyone involved in organising this event. Also to the volunteers helping on the day and to all of the families who have contributed by selling raffle tickets, donating goods, sponsoring and much more.

The weather is looking great for Saturday and Sunday, so I hope to see as many of you there as possible.... bring a friend and spread the word!

Friday Sharing Assembly

Kidspage will be sharing their learning with us this week.
